Our Mission

Wirraka Maya Health Service Aboriginal Corporation's mission is to provide evidenced based practice and primary health care services to the community.

National Disability Insurance Scheme (NDIS)

The team at the WMHSAC NDIS Hub provide members access to the scheme and support their journey through the stages to enable a stress free experience.

We also provide support with accessing the community and completing tasks while members are working through the application process with our support team.

If a community member is already on the NDIS and has not accessed their plan or does not know where to start, please give us a call on (08) 9172 0480 and one of our support coordinators can provide assistance to get their NDIS plan active.

For more information please do not hesitate to contact our WMHSAC National Disability Insurance Scheme on:
